|---|

3. Please check (✓) how you would like to receive your PCR results certificate

- Pick-up from this hospital (at the Documentation counter, 1st floor counter 9)
- Sent by postal mail to your residence (shipping fee: ¥450)
- PCR result certificates is issued on day 3 after the test with the test date being day 1 (mailed certificates will require an additional 2-3 days).
 - Certificates will be available for pick-up from 8:30am – 4:00pm on weekdays and 8:30am – 1:30pm/2:30pm – 4:00pm on Saturdays.

Precautions for receiving the test

- Those applicable under the above questionnaire may undergo an examination covered by insurance either the following day or later. (Because your necessity for the PCR test will be determined by the doctor during your examination, you may not be eligible for the test in some cases.)
- Some people have the novel coronavirus even when they do not have symptoms. Also, there are times when tests come out as positive even if the patient does not actually have the virus. For those who test positive for the virus, this hospital will call you and instruct you on speaking with a doctor and/or other actions.
